CHAMPAGNES / SPARKLINGS

Champagne is a celebration wine and everyone experiences a thrill of pleasure when the cork slowly pops out of the bottle. The region of Champagne is a vast chalky plain, only broken by the occasional river and dominated by the "mountain of Reims". Soil, climate, vines, labour and tradition combine to create this in-comparable wine. Champagne comes from a blend of Chardonnay, Pinot Noir and Pinot Meunier, white and red grapes variety, which are pressed straight after picking to obtain a white must. A short maceration with the skins will give birth to the prestigious Champagne Rosé.
